I am a professional mechanic qualified to practice in this state, and I have performed this vehicle inspection consistent with applicable shop standards. The results above reflect the condition of the vehicle at the time of inspection only. This inspection does not evaluate the condition of every component of the vehicle, and problems may exist in systems and/or components that were not checked as part of this inspection or which may be undetected by the inspection. This inspection is made without representation or warranty of any kind, either expressed or implied, or arising by operation of law. This inspection does not imply that action has been taken to correct any conditions reported, and the safe operation and maintenance of the vehicle following this inspection is the sole responsibility of its driver.
